READY TO GET ON THE BUS?

Arrive at the bus stop 5 minutes early.

Make sure you're paying attention.

If your bus is due any moment and your face is buried in your phone -you might just miss it!

Stick your hand out to let the driver know you want to get on.

Then tap your phone on the ticket machine and you're aboard.

EASY!

BUS MANNERS

Once you're on the bus, be respectful of others.

Not everyone will share your taste in music so **keep your earbuds in**, and if someone needs a seat more than you, be considerate!

When your stop approaches, just ring the bell, and the bus will magically stop.
The power is at your fingertips!

And **THAT** is how it's done.
All without a lift!
